

WEDNESDAY, 21 OCTOBER 2026

PRE-CONGRESS WORKSHOPS. Workshops are presented separately from the main congress programme.

FULL DAY Society of Endourology Urolithiasis Masterclass Chairperson: Cleve Oppel, Lisa Kaestner and Andreas Gross Sponsored by: Marcus Medical, NuAngle and AHG Health			Room: Bridge 1	MORNING Paediatric Urology Workshop Chairperson: John Lazarus and Nico Lourens Sponsored by: Ferring Phamraceuticals			Room: Mag 1
08:00-08:10	Opening & Course Overview - Objectives of the masterclass - Introduction of faculty - Overview of the day’s structure		Cleve Oppel, Lisa Kaestner & Andreas Gross	08:00-08:30	Practical PUJ management	Izak van Heerden	
08:10-08:30	Lecture 1: Modern Stone Management – Where Are We in 2026? - Current guidelines EAU vs AUA - Decision-making algorithms - Choosing the right modality for the right stone		John Denstedt	08:30-09:00	Hypospadias update	Ahmed Hadidi	
08:30-09:00	Lecture 2: Imaging & Planning for Stone Surgery - CT interpretation pearls - Stone density, anatomy, and access planning - Avoiding surprises in theatre		Andre van der Merwe	09:00-09:30	COPUM - state of the art lecture	Paddy Dewan	
09:00-10:30	Semi-Live Surgery Session 1 - A simple “how-to” guide to modified supine PCNL - FANS vs conventional URS vs PCNL - Videos and mini standard PCNL (30Fr) - Mini-PCNL video presentation		Richard Cetti Richard Cetti Haroun Patel Christopher Netch	09:30-10:00	Buried Penis and video	Manatsa Chimhamhiva	
10:30-10:50	TEA BREAK			10:00-10:30	Traumatic urethral distraction injuries in boys	Freddie Claassen	
10:50-11:10	Lecture 3: Technology Update - Lasers: Holmium vs Thulium - Dusting vs Fragmentation - Baskets, access sheaths, and disposables – what really matters?		Christopher Netsch	10:30-10:45	TEA BREAK		
11:10-11:35	Lecture 4: Metabolic Evaluation & Stone Prevention - Who to investigate - Practical metabolic work-up - Dietary advice that actually works - Medical prevention strategies		Lisa Kaestner	10:45-11:15	IVUMed - meeting the challenges of Global Urology	Heidi Stephany	
11:35-12:20	LUNCH			11:15-11:45	Antibiotic alternatives in the management of UTIs	Christina Ching	
12:20-13:30	Semi-Live Surgery Session 2 - Management of lower-pole stones - Tricky and complex PCNL cases - Managing complications - ECIRS - Robotic pyelolithotomy		Richard Cetti Richard Cetti Richard Cetti Pieter Spies Cleve Oppel	11:45-12:15	Optimising outcomes in DSD	Nico Lourens	
13:30-16:10	Station (theory): 1) Instruments for PCNL 2) Instruments for flexible URS 3) Access (ureteral and perc) 4) Baskets, DJ stents, nephrostomy Station (hands-on): 1) Flexible URS skills/ FiST model (Supervised by Dr Jeff John) a. Scope handling and deflection b. Navigation in a simulator or model c. Stone relocation techniques 2) U/S PCNL access a. Ultrasound vs fluoroscopic access b. Needle placement on models c. Tract creation principles 3) Tupperware model (laser and fragmentation techniques) a. Dusting vs fragmentation b. Fibre handling c. Energy settings in different scenarios 4) Lasers and industry			12:15-13:00	Novel minimally invasive options in Paediatric Urology	John Lazarus	
16:10-16:30	Lecture 5: Complications in Stone Surgery – How to Prevent and Manage them - Sepsis - Bleeding - Ureteric injury - Post-op pain and stent-related morbidity - Instrument damage (doctors, nursing and cleaning staff) - Safety		Andreas Gross		LUNCH		
AFTERNOON Contemporary Urological Oncology Workshop Chairpersons: Malcolm Dewar and Masithembe Mandla Sponsored by: Becton Dickinson (BD)							Room: Mag 3
				12:00-12:10	Welcome and Introduction	Malcolm Dewar and Masithembe Mandla	
				12:10-12:30	PSMA diagnostics and therapeutics	Stuart More	
				12:30-12:50	Focal Therapy for Prostate Cancer: Defining the Outcomes bar	Fernando Bianco	
				12:50-13h10	Focal therapy for localised Pcs: the role of Brachytherapy (virtual)	Stephan Machtens	
				13:10-13:40	Freehand transperineal prostate biopsy: Technique & Evolving Strategies	Mark Purdy	
				13:40-14:10	Hugging The Cliff Edge of Robotic Renal Surgery - Robotics in Complex Renal Pathology and Anatomy	Raj Nair	
				14:10-14:40	Technical Principles of Laparoscopic and Robotic Partial Nephrectomy	Marissa Conradie	
				14:40:15:10	Innovations for detection and treatment of NMIBC	Malcolm Dewar	
				15:10-15:40	TEA BREAK		
				15:40-16:00	RARC and Neobladder Video semi live procedure	Rami Issa	
				16:00-16:20	Trimodal Therapy for bladder	Greg Hart	
				16:20-16:40	Oncology update	Rajeev TP	
				16:40-17:00	Surgical steps of robotic radical nephroureterectomy and retroperitoneal robotic partial nephrectomy	Danelo du Plessis	
				17:00	Closing remarks	Malcolm Dewar	

16:30-17:00

Panel Discussion & Take-Home Messages

- “How I do it” tips from faculty
- Audience Q&A
- Key learning points
- Closing remarks

All faculty

THURSDAY, 22 OCTOBER 2026

WORKSHOPS + MAIN PROGRAMME OPENING – Registration opens at 07h00 for workshops. The main congress programme begins at 17:00.

FULL DAY Robotics Prostate Workshop			MORNING Urogynaecology & Reconstruction Update Workshop			17:00 MAIN CONGRESS PROGRAMME		
Chairpersons: Sam Salukazana, Mark Wellmann			Chairpersons: Lisa Kaestner & Amaan Omar			Chairpersons: Karlheinz Jehle (SAUA President), John Lazarus (Chair LOC)		
Sponsored by: Medhold			Sponsored by: NuAngle and Boston Scientific			SESSION 1: PLENARY		
Room: Bridge 1			Room: Mag 1			Room: Mag 1,2,3		
08:00-08:10	Welcome & Introduction	Sam Salukazana, Mark Wellmann and Alex Motttrie	SESSION 1:	Female Reconstructive & Functional Urology		17:00	Welcome and opening	Karlheinz Jehle (SAUA President), John Lazarus (Chair LOC) and Maria Mauoane (SAUNA)
08:10-08:25	Robotics Surgery in SA 13 years on!	Chair: Lance Coetzee Greg Boustead	08:15-08:25	Welcome	Lisa Kaestner & Amaan Omar	17:10	EUA Invited Lecture: Navigating Screening in Prostate Cancer	Peter Albers
08:25-08:40	RALP Approaches & Robotics Platforms: Standard transperitoneal + Hugo RAS	Alex Motttrie	08:25-08:40	Female pelvic floor anatomy relevant to urology	Alison Moore	17:40	Ethics lecture: NHI is not the only problem facing urologists	Simon Strachan
08:40-08:55	Extraperitoneal approach + Single port	Chris Anderson	08:40-09:05	Stress Urinary Incontinence in Women – Surgical Options & Evidence Update	David Mouton	18:10	Welcoming Function in Exhibition space	
08:55-09:10	Versius	Freddie Classen	09:05-09:25	Video Session: Midurethral Sling & Bulking Agents. Stepwise approach, operative tips, and technical pearls	Stephen Jeffery			
09:10-09:25	Robotics in Prostate CA Innovation in Robotics Training	Chair: Sam Salukazana Alex Motttrie	09:25-09:45	Video Session: TVT-O vs TVT-Complications, troubleshooting & management	Farzana Cassim			
09:25-09:40	RALP - how I do it	Alex Motttrie	09:45-10:15	Tea Break				
09:40-10:00	MX Lymph Nodes & PSM A PET	Conray Moolman						
10:00-10:20	Tea Break							
10:20-10:40	Semi-Live Surgery Videos Case 1: Retzius-sparing RALP	Chair: Greg Boustead Wissam Abou-Chedid	SESSION 2:	Male Reconstructive & Functional Urology				
10:40-10:55	Case 2: Nerve-sparing in high-risk	James Urry	10:15-10:35	Urethral Strictures – Assessment & Reconstructive Principles	Kurt McCammon			
10:55-11:10	Case 3: Salvage RALP	Conray Moolman	10:35-10:55	Urethral Stricture Reconstruction – Surgical Techniques & Video Cases	Evelyn Moshokoa			
11:10-10:45	Top Tips from the experts - case selection - tricky bladder neck - very big prostate - middle lobe - anastomosis	Chair: Wissam Abou-Chedid Greg Boustead Lance Coetzee Danelo du Plessis	10:55-11:15	Post-Prostatectomy Incontinence Assessment & Surgical Options	Bhavik Shah			
11:45-12:00	Avoiding & managing complications - Access - Intraoperative - Postoperative	Chair: James Urry Greg Boustead, James Urry	11:15-11:35	Video Session: Artificial Urinary Sphincters Key operative steps, pitfalls & troubleshooting	Kurt McCammon			
			11:35-12:00	Video Session: Penile Prosthesis Surgery Indications, device overview & surgical principles	Bhavik Shah			
12:00-13:15	Lunch		12:00	Lunch				
13:15-13:30	Future Technologies AI in prostatectomy today	Chair: Greg Boustead & James Urry Alex Motttrie						
13:30-13:45	AI nerve sparing and improvement of uro oncological outcomes (Virtual Talk)	Nik Vasdev						
13:45-14:00	Day case Prostatectomy and Intraoperative Margins Assessment	Wissam Abou-Chedid	AFTERNOON Endourology (Prostate) Workshop Chairperson: Kent Pluke & AEPIG committee Sponsored by: Boston Scientific, NuAngle and AHG Health			Room: Mag 1		
14:00-14:20	Robotics in benign disease RASP	Chair: James Urry Rami Issa	12:30-12:40	Welcome / Introduction to AEP interest group	Kent Pluke			
14:20-14:40	Functional outcomes & survivorship • post-prostatectomy incontinence: prevention & management • Enhancing sexual function outcomes (nerve-sparing grades, rehab protocols) • Long-term QoL	Bhavik Shah	12:40-13:15	What’s missing: Is there any plausible reason to not go for AEEP. (Virtual)	Thomas Herrmann			
14:40-15:00	Training, education and credentialling in the LMIC setting	Chair: Alex Motttrie, Conray Moolman, Greg Boustead Pieter Spies, James Urry	13:15-13:30	Stepwise AEEP Video session (semi-live)	Thys Engelbrecht			
15:00-15:20	Is Fellowship training the way forward?	Malcolm Dewar	13:30-13:45	Choosing the right patient / counselling	Santosh Bugwandin			
15:20-15:40	Telesurgery Where are we in the African Setting?	Lance Coetzee	13:45-14:30	Video session (edited videos) & Panel discussion: Enucleation tips, tricks & troubleshooting	Hilgard Ackermann & AEPIG committee			
15:40-15:55	Panel discussion	All speakers & Alex Motttrie	14:30-15:00	Tea Break				
15:55-16:10	Key Takeaways & Open Q&A	All faculty (Moderator: Mark Wellman, Sam Salukazana) followed by a Group Photo	15:00-15:20	Prostate enucleation vs other minimally invasive treatments	Andreas Gross			
16:10-16:15	Closing remarks	Greg Boustead	15:20-15:35	REZUM - when to use it and when not to: what the evidence says	Jonathon Wicht			
16:15	Simulators & Dry-Lab	Da Vinci Xi	15:35-15:50	PAE in the era of AEEP	Ansar Vance			
			15:50-16:05	Local experience with PAE in Johannesburg	Steven Cornish			
			16:05-16:25	Managing and preventing complications (eg Bleeding, capsular perforation, retention, bladder neck stenosis, incontinence – short video and discussion)	Winston Padayachee & panel			
			16:25-16:45	Training and the learning curve in SA setting: The need for data and Industry support	Karlheinz Jehle			
				Closing				

FRIDAY, 23 OCTOBER 2026
MAIN CONGRESS PROGRAMME – Registration opens at 07h00. SAUNA delegates join the plenary programme from 08:00 to 12:45; parallel clinical and SAUNA streams follow lunch.

08:00-13:45 PLENARY			Room: Mag 1,2,3		
Session 2: Plenary					
Plenary Chairs: Shingai Mutambirwa and John Lazarus					
08:00	PAUSA lecture - The prostate cancer in Africa: which diagnostic pathway				Ahmed Said Zribi
08:15	Future Surgical education trends - ORSI perspective				Alex Mottrie
08:30	Genomics and natural history of visible vs invisible cancers				Laurence Klotz
08:45	Radical prostatectomy without a biopsy?				Rajeev TP
09:00	Discussion				
09:15	Embracing Transformative Uro-tech: a career journey!				Chris Anderson
09:30	New technology for stones - robots, lasers, suction				John Denstedt
09:45	College of urologists’ lecture - How urology training is changing				Ahmed Adam
10:00	Coffee Break				
Session 3: Plenary					
Plenary Chairs: Dr Jeff John and Dr Hilgard Ackermann					
					James N'Dow
10:30	EAU Invited Lecture: Can the global urology community work together better				Darren Sweiden
10:45	A funder perspective of urology care in South Africa - why data transparency is key				Philip Matley
11:00	Coding in South Africa - historical problems and future solutions				Bruce Bassett
11:20	AI in healthcare - what does it mean? (Ethics talk)				
11:45	Discussion				Karlheinz Jehle
12:00	SAUA AGM - President's address				Greg Webb
12:15	SAUA AGM - Treasurer’s report				Jeff John
12:30	SAUA AGM - Vote				
12:45	Lunch				
Session 4: Parallel sessions					
13:45 Endourology (Prostate) and Andrology – Chairs: Jonathon Wicht & Corne van Graan Room: Mag 1,2			13:45 Paediatric Urology – Chairs: John Lazarus and Nico Lourens Room: Mag 3		13:45 SAUNA Programme – Chair: Maria Mauoane Room Bridge 1
13:45	The case for Prostate Enucleation	Andreas Gross	13:45	Update of duplication anomalies	Heidi Stephany
14:00	Overcoming the AEP learning curve	Christopher Netsch	14:00	VUR – improving identifying clinically relevant VUR	Christina Ching
14:15	Rezum – What the evidence says in the era of AEP	Jonathon Wicht	14:15	Problems with injectables for VUR	Paddy Dewan
14:30	Interventional radiology: from the operating light to the dark room: Focus on PAE	Ansar Vance	14:30	Discussion	John Lazarus & Nico Lourens
14:45	Discussion		14:45	What my PhD taught me about Intersex	Nico Lourens
15:00	Andrology Update	Matyas Benyo	15:00	Update on the HIS Society	Ahmed Hadidi (via pre-recorded video)
15:15	Penile girth and length - substance vs quackery	Bhavik Shah	15:15	Approach to bladder extrophy	Izak van Heerden
15:30	Transitioning to freehand transperineal biopsy	Mark Purdy	15:30	Valves / COPUM: What's new in 2026	John Lazarus
15:45	Discussion		15:45	Discussion	
16:00 Refreshment break – grab a beverage for the abstracts					
			16h15	SAUA EXCO MEETING	

Session 5: Parallel sessions (Oral Abstracts)

16:30 Prostate Cancer: Screening, Imaging & Biopsy – Chairs: John Lazarus & Suhani Maharajh			16:30 Upper & Lower Tract Oncology – Chairs: Samkele Salukazana and Cleve Oppel		
Room: Mag 1			Room: Mag 3		
TIME	PRESENTATION	SPEAKER	TIME	PRESENTATION	SPEAKER
16:15	Multiparametric MRI unreliably identifies unilateral prostate cancer: Implications for focal therapy candidate selection	Corné van Graan	16:15	Renal cell carcinoma in Central South Africa: An unexpectedly high prevalence of MiT-family translocation RCC	Tawie Wolvaardt
16:19	Equivocal MRI reporting of extraprostatic extension carries substantially elevated pathological risk: A single-surgeon robotic-assisted radical prostatectomy cohort	Corné van Graan	16:19	Neurogenous metastasis: the 5th route of cancer spread	Kgomotso Mathabe
16:23	Perceptions of sub-specialisation in urology among South African urologists and registrars: A cross-sectional survey	Thato Bishop	16:23	Neurogenous metastasis: magnetic resonance imaging and neurography in South African men with prostate cancer	Kgomotso Mathabe
16:27	Initial experience with outpatient transperineal prostate biopsy under local anaesthesia at a South African tertiary centre	Marang Mathiba	16:27	Comparison of operative and perioperative outcomes between robotic assisted laparoscopic cystectomies and radical cystectomies in South Africa	Lungelo Chonco
16:31	The Battleship Study: an innovation towards precision in prostate biopsy and brachytherapy grid usage	Vishen Naidoo	16:31	Clinicopathological characteristics of testicular germ cell tumours managed at a tertiary referral centre in South Africa: A retrospective review	Amaan Omar
16:35	Early-onset prostate cancer in African men: Snapshot from a South African academic hospital	Eesaa Docrat	16:35	Local recurrence of penile verrucous carcinoma following partial penectomy	Aina Regina Zefanias
16:39	Systematic and directional error in automated extraction of research data from free-text reports: A verification audit of a single retrospective urology dataset	Corné van Graan	16:39	A case of metachronous bilateral renal cell carcinoma presenting with oligometastasis to the palate.	Khodani Mudzunga
16:43	The nerve to stay dry: Nerve – sparing technique as a predictor of early post prostatectomy urinary continence recovery in South Africa	Johannes de Klerk	16:43	Robotic-assisted live donor nephrectomy: Initial case series and outcomes at Tygerberg Hospital	Danielle Theron
16:47	International implementation of equitable digital prostate cancer survivorship care across diverse populations in Canada, New Zealand, and South Africa	Gabriela Ilie	16:47	The impact of donor vessel multiplicity and kidney laterality on donor outcomes in a South African cohort	Carl-Adriaan Hugo
16:51	Canadian Black Men Engage: A Mixed-Methods Evaluation of Digital Prostate Cancer Survivorship Care	Rob Rutledge	16:51	Kidneys in the crossfire: A six-year renal trauma experience in a high-burden South African setting	Litha Chimusoro
16:55	Robotic radical prostatectomy versus radical perineal prostatectomy: continence, potency, PSA recurrence rates and positive surgical margin rates.	Lance Coetzee	16:55	Unveiling the enigma: A comprehensive exploration of renal tuberculosis in the context of HIV/AIDS	Lelethu Jwambi
			16:59	Awareness of European urologists toward uncommon tropical diseases: where do we stand 5 years later? A follow-up international survey.	Giovanni Drocchi

SATURDAY, 24 OCTOBER 2026
MAIN CONGRESS PROGRAMME – Registration opens at 07h00. SAUNA delegates join the plenary programme from 08:00 to 13:00; three parallel afternoon streams follow lunch.

07:00-13:45 PLENARY PROGRAMME			Room: Mag 1,2,3
07:00	Breakfast Symposium 1: Sponsored by Sure Medical Not all catheters are the same: deeper dive into materials, coatings, impact on patients, why options are needed for female patients and carbon footprint – <i>Prof Ahmed Adam</i> Intermittent catheterization in spinal rehab - beyond bladder emptying - <i>Dr Ché Venter</i>	Breakfast Symposium 2: Sponsored by Becton Dickinson (BD) Transforming Stone Care: Innovations Shaping Modern Practice – <i>Dr Vincent De Coninck</i>	
	Session 6: Plenary		
	Prostate and Bladder Cancer - Chairs: Lisa Kaestner and Andre van der Merwe		
08:00	Focal Therapy for Prostate Cancer: what's more critical energy vs fusion delivery		<i>Fernando Bianco</i>
08:15	Prostate cancer precision medicine for Africa - how are we tracking?		<i>Vanessa Hayes</i>
08:30	Discussion		<i>Lisa Kaestner and Andre van der Merwe</i>
08:45	Optimising outcomes in advanced prostate cancer		<i>Jill Harris</i>
09:00	The peri-operative management of GLP1-RAs		<i>Jocelyn Hellig</i>
09:15	Trimodal vs cystectomy		<i>Rami Issa</i>
09:30	MIBC: optimal therapy for patients with T0 disease after neoadjuvant chemotherapy		<i>Rajeev TP</i>
09:45	Discussion		
10:00	Coffee Break		
	Session 7: Plenary		
	General Urology - Chair: Raymond Cambell and Shingi Meki		
10:30	How to become a good Urologist		<i>Andreas Gross</i>
10:45	BAUS Urolink: What's the future of urological outreach?		<i>Suzie Venn</i>
11:00	Reflections on international outreach in reconstruction		<i>Kurt McCammon</i>
11:15	Navigating differences of opinion		<i>Paddy Dewan</i>
11:30	Negative pressure ureteroscopy		<i>Pawel Wisniewski</i>
11:45	Stone Surgery 2036		<i>Richard Cetti</i>
12:00	Discussion		<i>Jeff John and Shingi Meki</i>
12:15	Small data is big data - why South Africa matters		<i>James N'Dow</i>
12:30	The SAM Urology registry - homegrown and global relevant		<i>Karlheinz Jehle</i>
12:45	Panel discussion: prospective registries		<i>Karlheinz Jehle, Pieter Spies, Shingai Mutambirwa, Andrew Oberholzer and James N'Dow</i>
13:00	Lunch (13:00 CMSA Meeting)		

Session 8: Parallel sessions								
13:45 Robotics – Chairs: Conray Moolman and Malcolm Dewar Room: Mag 1			13:45 Urogynae & Functional Urology – Chairs: Lisa Kaestner and Farzana Cassiem Room: Mag 2,3			13:45 SAUNA Programme – Chairs: John Malatsi and Maria Mauoane Room: Bridge 1		
13:45	Retroperitoneal robotic partial nephrectomy - The St Georges experience	Pieter LeRoux	13:45	SNS - underutilised in South Africa?	Prenevin Govender	13:45	Functional freedom artificial sphincters	Yolanda Nel
14:00	Robotics in reconstruction	Rami Issa	14:00	Use of slings and mesh in urogynae - current evidence for international trends	Steven Jeffery	14:25	OT-DSD	Nico Lourens
14:15	Robotic BMG ureteroplasty	Wayne Lam	14:15	Uterine sparing vs hysterectomy in prolapse surgery	Allison Moore	14:45	Rezum therapy	Marinka Hoek
14:30	Robotic IVC thrombectomy	Raj Nair	14:30	New insights in functional bladder disorders	Frans van Wijk	15:05	The role of CSSD in healthcare	Lulama Mashaba
14:45	Case presentation: The horn and the ureter	Conray Moolman	14:45	Discussion	Farzana Cassim & Allison Moore	15:30	Preparation of a scope in theatre	Maria Mauoane
15:00	Advice to the trainee RALP surgeon in SA	Lance Coetzee	15:00	Improving outcomes of Chronic Pelvic Pain syndrome	Steve Eppel	15:55	Legacy leadership	Linda Shumba
15:15	Pioneering Robotic donor nephrectomies in South Africa	Danelo du Plessis	15:15	Sacrocolpopexy - new gold standard in prolapse repair	Lisa Kaestner	16:15	Discussion	
15:30	Minimally invasive renal transplant – outcomes from a large South African cohort	Carl Adriaan Hugo	15:30	Novel ileal pouch in obstetric fistula	Igor Vaz	16:30	SAUNA programme ends	
15:45	Update on robotic cystectomy programme nationally	Gawie Bruwer	15:45	Discussion	Farzana Cassim & Allison Moore			
16:00	RALC – Semi live video	Malcolm Dewar	16:00	Tea Break				
16:15	Tea Break							

Session 9: Parallel sessions (Oral Abstracts)					
16:30 Endourology & Stone Disease – Chairs: Hesma van Heerden and Jeff John			16:30 Ureteric Obstruction, Stenting & Renal Failure – Chairs: Karlheinz Jehle and Marinka Hoek		
		Room: Mag 1			Room: Mag 3
TIME	PRESENTATION	SPEAKER	TIME	PRESENTATION	SPEAKER
16:15	Risk factors for infective complications following ureteroscopic laser fragmentation of ureteric and kidney stones in a Sub-Saharan African population: A prospective cohort study	Bright Kelvin Wereh	16:15	Predictors of retrograde ureteric stent success in cervical cancer obstruction and proposition of a novel visual prediction score	Zakiyah Gaibie
16:19	Percutaneous nephrolithotomy for FECal Grade 5 stone disease: Consensus on papillary versus non-papillary access, first experience with endoscopic combined intrarenal surgery (ECIRS) at Steve Biko Academic Hospital	Guy Gaudji	16:19	Supra- or infra-iliac obstruction? Simplified single-variable approach for antegrade or retrograde ureteric stenting in malignant obstruction	Cecelia de Klerk
16:23	Diagnostic performance of inflammatory biomarkers and oxidative stress: Evaluation of an African-adapted risk model for renal papillary necrosis	Guy Gaudji	16:23	Outcomes of the novel EXIME prostate stent: Initial experience in a South African setting	Daniel Da Silva Ferreira
16:27	A pilot study of a novel syphon ureteral access sheath shows potential to reduce renal pressures and improve irrigant flow	Siyasanga Yekani	16:27	Cystatin C: A novel predictive biomarker of renal recovery for obstructive uropathy in South Africa	Nathan Poppleton
16:31	Evaluation of the safety and efficacy of the novel antejet wire	Masithembe Mandla	16:31	A five-year review of patients diagnosed with the clinicopathologic spectrum of xanthogranulomatous pyelonephritis at Steve Biko Academic Hospital and Kalafong Provincial Tertiary Hospital in Gauteng, South Africa	Timothy Ndima
16:35	Patient-reported quality of life following urinary and faecal stoma creation in a South African setting: A multicentre cross-sectional study of 285 patients	Zakithi Cele-Mbuthweni	16:35	Reduction in blood transfusion during PCNL after use of TXA	Aldrin Haruzivi
16:39	Prophylaxis or not? A multicenter survey on antibiotic use in ambulatory endourology	Giovanni Drocchi	16:39	Fournier's gangrene: A retrospective study of mortality rate at Pelonomi Tertiary Hospital in the Free State and risk factors affecting clinical outcomes in patients who presented between June 2018 - June 2024	Zandile Nthane
16:43	Prior video game exposure and ureteroscopic skill: Correlation or coincidence?	Martin van Rooyen	16:43	A cost-effective ultrasound model for demonstrating the whirlpool sign in testicular torsion	Hanlie Dreyer
16:47	Piezo interventional needle (PIN) - a novel device for needle tip visualisation during ultrasound guided procedures	Moatlhodi Pule	16:47	A low-cost simulation model for needle aspiration in ischemic priapism	Hanlie Dreyer
16:51	Thinking inside the bladder: Bladder flap continent catheterizable channels in two complex paediatric reconstructive cases	Bernard Marais	16:51	Bridging the referral gap: Educational videos and manual compression as first-line strategies for paraphimosis reduction at primary care level.	Cecelia de Klerk
16:55	Symptomatic nephroptosis managed with laparoscopic nephropexy: a case report from a South African tertiary centre	Thato Bishop	16:55	Scrotal lymphangiomatosis: A rare presentation of a benign malformation	Sameer Vawda
16:59	Novel irrigation pump for indirect intra-renal pressure measurement during flexible ureterorenoscopy.	John Lazarus	16:59	The South African prostate biopsy guidelines 2026 Anja Badenhorst	Anja Badenhorst
			17:03	Gender, surgery and leadership: Barriers facing female surgeons in Gauteng, South Africa	Rashmika Magan
			17:07	The invisible burden: Rethinking urological chronic pelvic pain syndrome	Rashmika Magan
18:00	Buses depart for Congress Dinner at Nooitgedacht Wine Estate				

SUNDAY, 25 OCTOBER 2026
MAIN CONGRESS PROGRAMME - Closing plenary and take-home messages.

08:00-12:15 PLENARY PROGRAMME		
Room: Mag 1,2,3		
	Session 10: Plenary	
	Chair: James Urry and Pieter Spies	
08:00	Brachytherapy (Virtual)	Stephan Machtens
08:15	Oligometastatic prostate cancer - best current evidence	Peter Albers
08:30	Is PSMA PET necessary in Active surveillance	Laurence Klotz
08:45	Discussion	
08:55	Mechanistic Early-Interception of Prostate Cancer in African Men: Integrating Genomic Ancestry, Microbiome, Exposomics, Telehealth, and Fresh-Tissue Whole-Genome Sequencing (ZiPCS Phase II)	Daud Dube
09:10	Radiotheranostics in prostate cancer – an update	Mike Sathekge
09:25	Discussion	
09:35	Training the next generation of Urologists: Challenges, innovation and opportunity	James Urry
09:50	Spending time abroad - why it is necessary	Dawid Johan Mouton
10:05	Early experience on Versius robot in SA	Freddie Claasen
10:20	Discussion	
10:40	Tea Break	
11:00	Ethics: Dealing with difficult patient	Evelyn Moshokoa
11:30	Take home message: Oncology	Mark Wellman
11:40	Take home message: Endourology	Cleve Oppel
